

# OHIO HOSA GOLD EMBLEM SCHOOL

---

## **State Only**

Each school is eligible for consideration for this award. Schools with multiple chapters are encouraged to work collaboratively in applying for this school award. Each school may submit one application.

### **Purpose**

To encourage schools with one or multiple HOSA chapters in the same building to achieve the goals of HOSA by implementing a program of work with a focus on the development of leadership skills, career opportunities, and service learning among chapter members, and to document their achievements in the form of a school HOSA book. This event is designed to recognize excellence.

### **Description of Event**

HOSA chapter members create a book to record and preserve their school's HOSA achievements during a single school year. This is a school event. Involve as many chapter members as possible in creating the book, and your final product will provide a record of your school's HOSA achievements for future chapter members. Schools that submit books properly documenting HOSA activities in the book as described in the event rating sheets. Schools who meet or exceed 14 of the 19 standards will be recognized with the Ohio HOSA Gold Emblem School designation.

This event is not designed to require you to submit an activity in each category. Instead, you will want to focus on planning meaningful activities and then successfully provide proof of your achievements in the book. Your focus should be on the quality of your HOSA activities.

In competition, the book is submitted by a chapter member and the contents are evaluated by one judge.

### **Rules and Procédures**

1. The Ohio HOSA Gold Emblem School event will be conducted at the state level. All schools recognized at the state level must meet 14 of the 19 standards.
2. The book (limited to one entry per chapter) must be submitted at the SLC.
3. Books will be judged using the event rating sheet (rubric).
5. Books must be submitted to the State Leadership Conference and turned in at the registration desk prior to the Opening Session.
  - This book is limited to 100 pages or less
  - **Each page must be numbered sequentially.**
6. The book should focus on those elements that earn points (content) and not fancy additions or embellishments that take up time and expense but do not add meaning to the chapter activity. The focus is on accomplishments and not the appearance of the book
7. Each book will have a cover page (page 1) with the following information:
  - Name of School and Chapter(s)
  - Type of program (middle school, secondary)
  - City, state and zip code

8. Page 2 is a membership page that includes the **entire** official membership roster printed from the HOSA website, this will count as one page.
  
10. Each of the remaining 98 pages or less will be used to provide evidence of the school's HOSA activities.
  - In order to help the judge properly evaluate each category, each page must have two important items – a page heading (at top of page) and a page number (bottom right corner). This will allow the judge to quickly find the items to be evaluated on the rating sheet.
  - There is no limit to the number of pages for a specific category, however, the entire book is limited to 100 pages.
  
11. **An activity or program may be claimed and judged in only one (1) category.** (Many activities could accurately work for one or more categories.)
  
12. Chapter members should create a book that is clear, concise, and easy to evaluate.
  
13. The creation of the book must be the work of a chapter member or members. All content must be typed or clearly handwritten.
  
14. The book will contain materials from June 1, 2020 to March 1, 2021.
