

HOSA-Future Health Professionals Awards Standards of Excellence Recognition

Alexandria, VA – During the 2022 State Advisors' Management Conference, HOSA Inc. Board Chairman, Jim Scott, recognized the Ohio HOSA State Association as a GOLD Award Recipient in the first annual HOSA-Future Health Professionals' Standards of Excellence Recognition Program. The HOSA Standard of Excellence is a rigorous process that recognizes HOSA associations for organizational performance in standards areas determined by the HOSA Inc. Board of Directors. This comprehensive program will be reviewed annually by the Standards Committee. Gold recognition is awarded to HOSA associations who have exemplary measures in place which demonstrate excellence in the areas assessed.

The HOSA Inc. Board of Directors launched the HOSA Standards of Excellence Recognition Program to ensure chartered associations have adopted policies, procedures and structure that deliver a high level of services to HOSA members annually. HOSA-Future Health Professionals believes that its fifty-five (55) state, territory, and country associations are strengthened by the assessment and organizational direction that focus on stability, resilience, teamwork, and growth minded development. Ohio HOSA met the foundational requirements to support a healthy association, serve as a role model and promote long-term organizational success in preparing future health professionals for the health industry. HOSA-Future Health Professionals congratulates Ohio HOSA on exemplary organizational achievement!
